

The Body and Mind Toolkit for adults and children
An online information booklet with links to Wellness and sleep, Eat Well and Move Your Body More resources in the COVID-19 Wave 2 pandemic period for people who use Highly Specialised Services and their families

Disclaimer: Care should be taken when using these tools and resources as individuals may have specific health needs relating to their condition. Clinical advice from your specialist team should always be sought before use/if in any doubt. All tools and resources have been submitted in good faith.

Version 1 B Stocks as at 12 11 2020 as at 14.46

Introduction: These Body and Mind tools are grouped into three themes:

	Theme	Page
Theme 1	Wellness and sleep	2
Theme 2	Eat well	9
Theme 3	Move your body more	11
Glossary		14

We hope you find our 'caring for yourself' tips useful. Best wishes from Kay, Anne & Emma (A-T Society)

"Please do not worry alone, no question is ever too small or trivial. We are here to help, so do not ever hesitate to contact us at NTUK"
 Karen, Charity Director, Nerve Tumours UK

We are happy for people to call us on 0121 212 3839, Harpreet, Children's Liver Disease Foundation

Most of the tools in this toolkit apply to people of all ages.

Each of the three Themes contains online links to information leaflets, videos and other information that have already been made available to the people using these services by the NHS service listed or by the Charities and stakeholder groups which support them. Some of them have sent you personal messages which are shown in speech bubbles. Sincere thanks are extended to all who have made these contributions.

We hope that people of all ages who use these services and their families find these tools useful during the months of the COVID-19 Wave 2 Pandemic period ahead and help you prepare for the spring of 2021.

There are so many useful resources throughout this document... let us know what works for you so we can learn from each other and improve our health and well-being together... best wishes, Tonia and Team BBS UK!

Theme 1: Wellness and sleep		
Name of NHS England commissioned Service and the age range it covers	Charity/ Stakeholder group	Tool/Resource – (most of which can be used by people of all ages with any health condition)
Ataxia Telangiectasia	The AT Society	<p>We developed a ‘Coronavirus’ update page early in the pandemic. Here we try to simplify the info provided by the UK Govt and devolved nations – includes written text and videos of Kay and I chatting to everyone: https://www.atsociety.org.uk/living-with-at/covid-19-virus-coronavirus/</p> <p>‘Caring for yourself’ website page: with a growing body of content/resources for people to tap into to help self-manage emotional health and wellbeing. Includes stories from adults living with AT, resources from a range of topics such as home education, entertainment and exercises/relaxation information: https://www.atsociety.org.uk/living-with-at/covid-19-virus-coronavirus/ Soon this will include information sheets on taking care of your or your child’s mental health.</p>
Alström Syndrome Service (All Ages)	ASUK	<p>Alström Syndrome UK (ASUK) is a charity who provide information, support and advice for individuals affected, their families and carers and professionals. Alström Syndrome is a very rare genetic condition which can cause progressive blindness, loss of hearing and can lead to; heart and kidney failure, type 2 diabetes, liver dysfunction and associated problems. The symptoms arise at different stages making diagnosis very difficult. Our mission is to raise awareness, conduct pioneering research and enable better treatments and monitoring through the AS multi-disciplinary NHS clinics.</p> <p>Further information about our work can be found at www.alstrom.org.uk</p> <p>Contact Information: Email: Catherine.lewis@alstrom.org.uk Tel: 07970 071675</p> <p>See here for the main information leaflet http://www.alstrom.org.uk/family-support/#Comprehensive-Support-Guide</p>

		<p>Mind -Mind offer support and information including useful guides on support and services available, you can view these here.</p> <p>Young Minds - The charity Young Minds offer support and information for young people experiencing mental health challenges and their parents. They offer guides around support which can be found here as well as a beginner’s guide to the NHS’s Child and Adolescent Mental Health Services (CAMHS) for young people and parents, this guide can be viewed here.</p> <p><u>Preparing for Adulthood</u> – Provides resources and information for young people who are affected by disabilities as they move into adulthood. They offer specific expertise and support with paid employment, good health, independent living options and friends, relationships and community inclusion</p> <p><u>Covid 19 Mutual Aid UK</u></p> <p>This a group of volunteers supporting local community groups organising mutual aid throughout the Covid-19 outbreak in the UK. They focus on providing resources and connecting people to their nearest local groups, willing volunteers and those in need. You can find out where your nearest local group is by visiting their website HERE</p> <p>Discover a World Online - Maybe you are looking for some culture, something a bit different to do. Now you can visit a museum or art gallery without even leaving the comfort of your couch.</p> <p>The British Museum, London - Go to the link to find virtual tours, which are audio described too click HERE</p> <p>Buckingham Palace, London - Go to the link to find virtual tours HERE</p> <p>Guggenheim Museum, New York - Google’s Street View feature lets visitors tour the Guggenheim’s famous spiral staircase without ever leaving home. From there, you can discover incredible works of art from the Impressionist, Post-Impressionist, Modern and Contemporary eras.</p>
--	--	---

Musée d'Orsay, Paris - You can take a virtual tour through this art gallery to discover many famous French artists, click [HERE](#) to discover more.

Specialist Liver Disease Service (Children)	Children's Liver Disease Foundation	<p>Blogs - Please note some of these articles reference financial support and links to guidance from the first lockdown which may not be applicable in the second wave. The blogs may provide practical advice, signposting and tips for emotional wellbeing and mental health.</p> <p>Your family's emotional wellbeing and mental health blog (Published April 9, 2020): https://childliverdisease.org/your-familys-emotional-wellbeing-and-mental-health-published-april-9-2020/</p> <p>Navigating a New World for Young People (Published March 25, 2020): https://childliverdisease.org/navigating-a-new-world-for-young-people/</p> <p>Coming out of lockdown – how do we integrate back into a new world (Published July 3, 2020): https://childliverdisease.org/coming-out-of-lockdown-how-do-we-integrate-back-into-a-new-world/</p>

Try to do something that matters to you each day, and I hope these resources offer some ideas along the way.
Ruth, Consultant Clinical Psychologist in the Manchester Bladder

		<p>Information: The Non-Alcoholic Fatty Liver Disease leaflet has tips and advice around reducing the risks of NAFLD, diet, exercise activity and lifestyle for children.</p> <p>https://childliverdisease.org/liver-information/childhood-liver-conditions/non-alcoholic-fatty-liver-disease/</p>
Wolfram Syndrome Service (All Ages)	Wolfram Syndrome UK	<p>Shared information for our community which includes recordings of webinars with clinical leads of the NHS service http://wolframsyndrome.co.uk/covid-19-news/</p> <p>Also see http://wolframsyndrome.co.uk/wp-content/uploads/2020/11/Wolfram-wellbeing-pack-mental-wellbeing-V3.pdf</p>

Theme 2: Eat Well		
Name of NHS England commissioned Service and the age range it covers	Charity/ Stakeholder group	Tool/Resource (most of which can be used by people of all ages with any health condition)
Alström Syndrome Service (All Ages)	ASUK	<p>Webinar links can be found in our resources section, which include information about a range of topics including healthy hearts. http://www.alstrom.org.uk/family-support/</p> <p>Healthy recipes, including top tips on nutrition which have been created by the service Dietitian can be found on the 'Stay Fit, Stay Healthy, Stay Happy' section of the website: https://www.alstrom.org.uk/stay-fit-stay-healthy-stay-happy/</p> <p>A Children in Need funded cookbook is in development for Alstrom patients to include equipment and health and wellbeing top tips with support from the Physiotherapist, Dietitian and Psychologist. An online version will be free to use.</p>

		The NHS has advice and guidance on their 'Live Well' website. Follow the link here to find out more link
Primary Ciliary Dyskinesia Management Service (Children)	PCD Family Support Association	See links to the British Lung Foundation Stay active and stay well pages with lots of exercise videos https://www.blf.org.uk/support-for-you/keep-active/exercise-video See British Lung Foundation Eating Well pages https://www.blf.org.uk/search/site/eating%20well
Specialist liver disease service (Children)	Children's Liver Disease Foundation	Non-Alcoholic Fatty Liver Disease (NAFLD): this leaflet has tips and advice around reducing the risks of NAFLD, diet, exercise activity and lifestyle for children. It also provides links to lots of resources available with ideas for being healthier, easy recipes and meal ideas as well as ideas for getting active (page 14): https://childliverdisease.org/liver-information/childhood-liver-conditions/non-alcoholic-fatty-liver-disease/
Wolfram Syndrome Service (All Ages)	Wolfram Syndrome UK	Shared information for our community which includes recordings of webinars with clinical leads of the NHS service http://wolframsyndrome.co.uk/covid-19-news/

“ I’m happy that we have been able to continue to support our community through these difficult times and found new ways to communicate with members new and old. We have managed to support those who were reluctant or found it difficult to participate before now by using new communication methods which has made it easier to join in.” Tracy, Wolfram Syndrome UK admin@wolframsyndrome.co.uk

Theme 3: Move your body more		
Name of NHS England commissioned Service and the age range it covers	Charity/ Stakeholder group	Tool/Resource (most of which can be used by people of all ages with any health condition)
Alström Syndrome Service (All Ages)	ASUK	<p>Website - there are health and wellbeing resources for families and case studies showing how families have adapted to exercising from home. These links also contain short films from families and professionals. As well as summaries from the Health and Wellbeing webinars we have organised throughout the pandemic, including a range of topics for example Managing Diabetes at Home.</p> <p>https://www.alstrom.org.uk/stay-fit-stay-healthy-stay-happy/ http://www.alstrom.org.uk/family-support/</p> <p>The 'Alstrom Stroove' is in development. This is music with a set of generic stretching exercises which have been developed alongside the service's physiotherapist. Due to lock-down filming has had to be postponed, but you can see a sneak, peek of the moves on our website. We are working with schools and families to see if they can film sections and we can edit into an exercise video to inspire others exercise.</p> <p>https://www.alstrom.org.uk/groove-to-the-alstrom-stroove-sneak-peek/</p>
Bardet-Biedl syndrome service (All Ages)	BBSUK	<p>Summer newsletter article which formed the basis for a diet/health/wellbeing resources section on our website:</p> <p>https://bbsuk.org.uk/diet-and-exercise/</p>
Bardet-Biedl syndrome service (All Ages)	BBSUK	<p>Home workouts</p> <p>https://www.facebook.com/546759972144864/videos/3067775939951251</p> <p>https://www.facebook.com/546759972144864/videos/882274765518476</p> <p>via the 2.4 challenge which some patient and family members of the Charity got involved with and they found that the community aspect was really important and helped offset the isolation of COVID-19 a little.</p>
